

Julissa Zavala

Product Designer | New York, NY, USA | hello@julissazavala.com | julissazavala.com

About

Product Designer with 4+ years creating user-centered experiences for B2B SaaS platforms serving 200K+ users. Proven track record leading end-to-end design processes from research through implementation, with expertise in design systems, cross-functional collaboration, and translating complex workflows into intuitive interfaces. Comfortable working in code-adjacent spaces and partnering with engineers to deliver high-quality products.

Work Experience

New Visions for Public Schools

New York, NY, USA

Product Designer II

December 2024 - Present

- Lead end-to-end design for educational platform serving 200K+ users across 1,800+ schools, from user research and concept development through high-fidelity design and implementation
- Expand and maintain design system with iconography, data visualization color palettes, and illustration library, collaborating with engineers to align Figma components with Storybook implementation
- Partner with cross-functional teams including product managers, engineers, and stakeholders to balance user needs, business goals, and technical constraints
- Conduct user research and usability testing to inform design decisions, resulting in 150% increase in platform engagement and 28% growth in monthly active users

New Visions for Public Schools

New York, NY, USA

Product Designer

August 2021 - December 2024

- Redesigned student data configuration interface used by 200K+ educators, increasing adoption from 15% to 55% by modernizing legacy workflows with clear visual hierarchy and intuitive setup flows
- Built comprehensive component library with detailed interaction states, prototypes, and documentation adopted across 6 product teams
- Collaborated with frontend engineers using HTML/CSS knowledge to review implementations, refine micro-interactions, and ensure design quality through to shipping
- Established consistent design patterns and standards across multiple workflow categories that became team-wide references

Education

Tufts University

Bachelor of Arts | Child Study and Human Development

Minor in Studio Art

Skills

Interaction Design · User Research · Usability Testing · Rapid Prototyping · Information Architecture · Data Visualization · Design Systems · User Flows · Systems Thinking · Wireframing · Typography · A/B testing

Tools: Figma · Adobe Creative Suite · Miro · Mixpanel · Jira · Cursor · Storybook · Webflow · Lovable · HTML/CSS

Collaboration: Cross-Functional Teamwork · Stakeholder Management · Stakeholder Presentations · Design Reviews · Design Mentorship
